TRADE PACK

200 Series Multi-pack

Exidor are pleased to offer our highest volume 200 series products in a multi-pack option.

The new **TRADE PACK** means savings to the environment in terms of carbon footprint, with the use of recycled packaging, reduced packaging per product as well as less transportation space.

However, there are also saving for our customers too, with savings in packaging waste, productivity and onward transit.

FEATURES

- Recyclable plain packaging
- Less packaging, therefore lower waste disposal costs
- Lower onward transit costs
- Productivity savings with less boxes to manoeuvre and open
